

changelog.md for @fin.cx/csvparser

2024-07-05 - 1.1.0 - feat(core)

Add support for CI workflows and update gitignore

- Added `.gitea/workflows/default_nottags.yaml` for non-tag workflows.
- Added `.gitea/workflows/default_tags.yaml` for tag workflows.
- Updated `.gitignore` to include standard and custom ignore rules.
- Added `.gitlab-ci.yml` for GitLab CI/CD integration.
- Added `.npmrc` with a custom registry URL.
- Added VSCode configuration files for debugging and settings.
- Added `changelog.md` to document project changes.
- Added `license` file with MIT License.
- Updated scripts in `package.json` for building, testing, and documentation.
- Added test file `test/test.ts`.
- Added core CSV parsing files and structures for Spendesk, PayPal, Fidor, and Commerzbank.

2024-07-02 - 1.0.9 - fix(core)
