changelog.md for @serve.zone/servicespec

2024-10-05 - 1.1.2 - fix(core)

Fix authorization handling and format code.

- Resolved the incorrect condition check for 'authorizationStringArg' within the 'init' function.
- Corrected the condition to activate 'debugMode' within the 'init' function.
- Improved code formatting for better readability.

2024-10-05 - 1.1.1 - fix(platformclient)

Refactor debug mode checks in SzPlatformClient connectors

- Unified debug mode checks across email, SMS, and letter connectors
- Added new SzPushNotificationConnector class with debug mode functionality

2024-10-04 - 1.1.0 - feat(SzPlatformClient)

Add debug mode functionality to SzPlatformClient and SzEmailConnector

- Introduced a debug mode in SzPlatformClient to handle authorization in test scenarios.
- Updated SzEmailConnector to log emails and early return in debug mode for testing purposes.

2024-10-02 - 1.0.11 - fix(email,sms)

Reorder debug logging to avoid confusion in email and sms connectors

- Reordered the logging after request creation in `sendEmail` method of `SzEmailConnector`
- Reordered the logging after request creation in `sendSms` method of `SzSmsConnector`

2024-10-02 - 1.0.10 - fix(build)

Fix build script configuration and plugins import path

- Corrected the build script in package.json to include tsfolders parameter
- Fixed the import path for plugins in classes.infohtml.ts

2024-10-02 - 1.0.9 - fix(infohtml)

Refactor infohtml module and fix import paths

- Refactored `ts_infohtml` module.
- Fixed incorrect import paths in `ts_infohtml` module.
- Ensured that the `InfoHtml` class and related templates are properly imported and used.

2024-10-02 - 1.0.8 - fix(core)

Maintain dependencies, update metadata

- No changes detected

2024-10-02 - 1.0.7 - fix(core)

Update dependencies and add logging for email and SMS functions

- Updated devDependencies and dependencies in package.json
- Added logger import and logging statements in classes.emailconnector.ts and classes.smsconnector.ts
- Fixed formatting issues in test/test.ts
- Cleaned up and removed unused imports in index.ts and plugins.ts

2024-07-26 - 1.0.6 - fix(core)

Update @types/node dependency version

- Dependencies updated: @types/node updated from ^20.14.11 to ^20.14.12

2024-07-23 - 1.0.5 - fix(dependencies)

Updated dependencies to latest versions and removed unused service server class

- Updated devDependencies and dependencies to their latest versions in package.json
- Removed the unused ServiceServer class
- Updated index.ts to reflect changes in imports

2024-05-11 - 1.0.3 to 1.0.4 - General Updates

Maintenance updates

- Fix(core): update

2024-02-17 - 1.0.1 to 1.0.3 - General Updates

Maintenance updates

- Fix(core): update
