

# changelog.md for @uptime.link/about.uptime.li nk

## 2025-12-23 - 0.0.1 - feat(site)

Initial about.uptime.link website

- Create uptime.link landing page with uptime monitoring focus
- Add Hero section with port detection, local network scanning, status widgets features
- Add Features section: Port Detection, Network Scanning, Status Widgets, Alerts, Service Discovery, Self-Host, SDK, Open Source
- Add HowItWorks section: Install CLI, Scan Network, Configure Monitors, Track & Alert
- Add documentation pages: Introduction, Quick Start, CLI, Configuration, SDK, Widgets, Detector
- Configure JetBrains Mono as the primary font
- Use emerald green color scheme for uptime monitoring branding
